

Always Readysm
for you

In 1925, a group of dedicated citizens came together to create a new hospital in Hamilton, Ohio. With donations from more than 8,000 residents, the group raised an amazing \$500,000 in just two weeks. Thanks to the generous support of the community, Fort Hamilton Hospital began serving patients in May of 1929.

Today Fort Hamilton Hospital is a full-service, community hospital licensed for 310 beds. We continue to lead the way to better health in the Butler County area, serving patients from Fairfield, Oxford, Cincinnati and Middletown.

We combine modern technology, highly-skilled physicians, with a friendly, caring staff. Fort Hamilton Hospital offerings include maternity, emergency, the most advanced wound healing in Butler County, and a range of outpatient services.
